# SPONSORSHIP OPPORTUNITIES

## ABOUT HEALTH PARTNERS INTERNATIONAL CANADA

**HPIC** is an international charity that provides treatment to over one million vulnerable people each year. We are the only charity in Canada able to receive and handle donations of medicine and medical supplies. We rely solely on the generosity of our Canadian pharmaceutical partners and donors to fund and sustain this important work.

We form strategic, efficient and sustainable partnerships with overseas relief organizations and local governments to help communities transform themselves, creating hope and lasting, positive change.

**Accountability:** HPIC works according to best practices and was among the first charities in Canada to receive accreditation from Imagine Canada's Standards Program, proving excellence in our operations and governance.

### OUR MISSION

To increase access to medicine and improve health in vulnerable communities by:

- Equipping medical mission teams
